**Motivation Universal Slung Seat Pressure Relief Cushion**

A contoured, cut-to-size cushion that provides a supportive and comfortable seating position and skin protection for people at risk of pressure sores.

- Moulded Polyurethane (PU) foam cushion suitable for fabric slung seat wheelchairs.
- Suitable for a wide range of users including those with spinal cord injury.
- Available in four standard widths with one cushion length that can be easily cut to size for each user.
- Supplied with a fire retardant, water resistant and size adjustable cushion cover.
- Can be cut to non-standard wheelchair width and length sizes to provide a better customised fit.
